A member should never request or accept for himself or herself or for family members, favors or benefits under circumstances which might be construed by reasonable persons as influencing the performance of governmental duties, or employees.
7. Make no private promises of any kind binding upon the duties of any office, since a public servant has no private word which can be binding on public duty.
8. Engage in no business with the county government, either directly or indirectly, which is inconsistent with the conscientious performance of government duties except as may be consistent with the State and Local Government Conflict of Interest Act.
9. Never use any information gained confidentially in the performance of governmental duties as a means of making private profit.

12. Avoid using the position of public trust to gain access to the media for the purposes of criticizing colleagues or citizens, impugning their integrity or vilifying their personal beliefs.
13. Make sure, when responding to the media, that a clear distinction is made between personal opinion or belief and a decision made by the Board of Supervisors.
14. Review orally and in public session at the annual organizational meeting each of these principles.
15. Pledge to honor and uphold these principles, ever conscious that public office is a public trust.
16. The Board recognizes that its primary role is to make policy and therefore will focus on issues pertaining to programs, operations and issues.

17. The Board recognizes that discussion of personnel matters are to remain confidential, must be discussed through appropriate channel processes, and that it is the obligation of each Board member to protect the privacy of the individual.

STANDARDS OF CONDUCT

Recognizing that persons holding a position of public trust are under constant observation by the media and interested county residents, and recognizing that maintaining the integrity and dignity of the public office is essential for maintaining high levels of public confidence in our institutions of government, every member of the Montgomery County Board of Supervisors should adhere to the following Standards of Conduct:

1. Avoid, during public meetings and during the performance of public duties, the use of abusive, threatening or intimidating language or gestures directed at colleagues, citizens, or personnel.

DELEGATIONS

Virginia Department of Transportation

David Clarke, VDOT Residency Administrator, reported that VDOT has been dealing with weather related events over the past month. Mr. Clarke reported that upcoming road projects include finalizing the drainage/ditch project along Wake Forest Road, upgrading the truss bridge near Rowe Furniture in Elliston, and beginning the revenue sharing project to upgrade a section of Blue Springs Road (SR 617) in Montgomery County and working on obtaining right-of-way for the Pulaski County side of Blue Springs Road.

The Board of Supervisors at this time took the opportunity to address road issues in their respective districts.

Supervisor Perkins asked VDOT to take a look at Clay Street, which is a narrow road with some blind curves. She stated that areas along this road get very foggy and hard to see.

Supervisor Biggs asked for an update on the request for a guardrail on a section of Brush Mountain Road.

Supervisor Brown thanked Mr. Clarke and VDOT staff for the drainage/culvert work in Wake Forest.

PUBLIC HEARINGS

Fiscal Year 2014-2015 County Budget

The purpose of this public hearing is to gather citizen comments on the upcoming 2014-2015 fiscal year budget.

The County Administrator stated this public hearing is to receive comments from citizens on the upcoming FY 15 budget year. County Departments and outside agencies have submitted their budget requests and the staff is in the process of reviewing these requests.

Joe Ivers, School Board Member for District F, thanked the Board of Supervisors for all the hard work they do to make Montgomery County a better place to live and provide a quality of life to the citizens of the county. He hopes the Board of Supervisors and School Board members will continue to work together for the betterment of the children. He thanked the Board for their support in funding education in the County.

Chair Brown noted that the Board of Supervisors received an e-mail from Barbara Skinner to be entered into the record as follows:

“It was obvious in last week’s school board meeting that MCPS is gearing up to ask for more money from the BOS.

I’m convinced that we’re not going to improve our lackluster (or worse, in math) achievement until the focus moves from HOW MUCH MONEY to HOW IS OUR MONEY BEING SPENT?

In way of contrast, the Mooresville, NC, school district laid off 10 percent of its staff several years ago and introduced digital/differentiated learning. The results? From Education Week “Educators Study Digital Conversion in Mooresville, N.C.” 7/24/13 (emphasis added):

“The Mooresville school district ranked second of 115 school systems in North Carolina by a composite measure of academic achievement in the state, although its per-pupil spending puts it 108th.”

I recently reviewed our MCPS achievement results and formulated several questions for the school board and superintendent. I’ve copied those below.

When will the BOS ask some hard questions about school quality and spending? You hold the county's purse strings. Don't you feel a duty to see that our taxpayers' dollars are being spent prudently and our students are receiving the best education possible?

Why does achievement in MCPS start off average or better in elementary school, decline in middle school, and then score average or worse by high school?

Why is our top high school, BHS, only average compared to other high schools in Virginia?

Why are our 8th grade math results so poor? How are Roanoke County Schools able to score 26 points above the state average on 8th grade math while our schools score 19 points below the state average?

Why do SOLs show much higher proficiencies than NAEP results? Are our SOLs inflating our students' achievement?

Barbara Skinner"

There being no further speakers, the public hearing was closed.

Proposed Ordinance Amending Chapter 3, Entitled Animals

Proposed Ordinance Amending Chapter 3, Entitled Animals, of the Code of the County of Montgomery, Virginia in order to comply with State Law Changes Concerning Dangerous and Vicious Dogs Enabling Legislation.

The County Attorney explained that amending the County's Code for Animals is to comply with the changes to the state law concerning dangerous and vicious dogs. The definition of a dangerous dog and a vicious dog has been separated and will be treated as separate categories instead of one. The fee if a dog has been deemed dangerous increased from \$50 to \$150.

There being no speakers, the public hearing was closed.

PUBLIC ADDRESS

Zac Martin expressed concerns about the lack of an enforceable kennel law in the County. He stated a rental property beside his home has 15 -17 dogs living in unsanitary conditions, which is making their home life unbearable.

The County Attorney provided an update to Mr. Martin's complaint. Montgomery County Animal Control and the Sheriff's Department visited the property in question and found 14 dogs in good condition; however, the living quarters were unsanitary. The owners were charged with failure to maintain animal welfare. He pointed out that the County Code allows kennels by-right

in Agriculture Districts with a licensing fee and can have as many dogs as they like. The County Attorney suggested holding a work session in the future to discuss amending the County Code regarding kennels.

There being no further speakers, the public address session was closed.

Supervisor Perkins stated for the record that she also would like to see the resolution after it has been prepared. She believes the motion offered by Supervisor Tuck is an invitation and not a demand for a meeting.
